

# Handout - Elements of a Curriculum

Webinar Series

December 10, 2015

## My Checklist:

Directions: Use this checklist to assess your curriculum.

My curriculum:

- Is written and serves as a blueprint for planning and implementing the early childhood program
- Outlines the goals for children's development & learning
- Aligns with the domains of development for children
- Lists all the ideas, concepts or topics
- Outlines the order in which the ideas, concepts and topics will be taught
- Balanced: addresses all areas of child development
- Is integrated across key content areas (math, science, language, etc)
- Has planned and intentional activities
- Includes objectives (what skills should children know or be able to do)
- Has activities that are active, engaging and build on child's prior knowledge
- Has planned and intentional activities help to to achieve benchmarks (or milestones)
