

Become a Texas Rising Star Provider

Benefits of Becoming Texas Rising Star Certified

- Online professional development
- One-on-one mentoring
- Increased child subsidy reimbursements

Texas Rising Star is . . .

A voluntary, quality-based child care rating system of child care providers participating in the Texas Workforce Commission's subsidized child care program.

Who can apply?

- Licensed centers
- Licensed child care home providers
- Registered child care home providers
- Child care providers operated by the U.S. Military

Enhanced Star Level Reimbursement

As the provider meets each level of certification, it will receive compensation above the standard Board maximum rate at the following levels (up to the provider published rate):

- ★★ 2 Star – 5%
- ★★★ 3 Star – 7%
- ★★★★ 4 Star – 9%

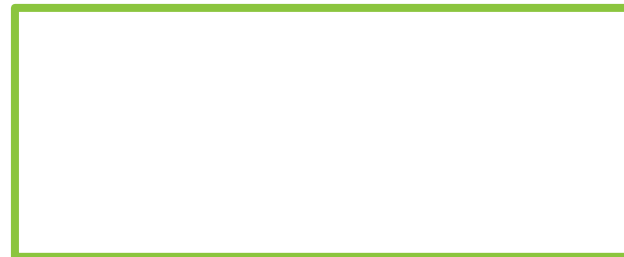

Across Texas, parents and families enroll their children into child care programs, including center-based and home-based programs. Numerous research studies have shown that at-risk children who attend higher quality child care programs are more prepared for school entry than children who do not attend quality child care programs.
